

# Cellflare Now Live on Handango

FOR IMMEDIATE RELEASE

Toronto (Canada) –September 10, 2009

Another bright spot for Location-based services (LBS) company **Cellflare** after it was announced today that the application is now live on **Handango**. The application is available for Blackberry devices with GPS.

**Handango** is a leading provider of Smartphone applications globally for the BlackBerry, Palm, Windows Mobile, Symbian OS, and Linux platforms. **Handango** delivers top-selling mobile applications including games, business and entertainment apps and productivity tools to millions of consumers.

**Handango's** expertise has attracted numerous mobile industry partners including Microsoft, Verizon Wireless, T-Mobile, Alltel, AT&T, SoftBank, Sony Ericsson, Samsung, Best Buy and AOL

**Media Spokesperson Sarah Thistle** was cited as saying, "...**Cellflare** has had its sights on **Handango** for some time, and this is great news as they (**Handango**) are such a strong force in the industry"

The **Cellflare** application has seen great success recently – appearing on the Apple iTunes Store and Blackberry App World.

The **Cellflare** application uses your mobile devices GPS system to locate you and your contacts on the move in real time. The application boasts features such as the **Quick Locate PIN**, **GeoFencing**, **eCouponing** and **real-time history** and **speed functions**.
